### **CLAIMS**

Since paper making is still subject to human error, you may receive paper which is not up to our usual standard. If the paper causes difficulty, please let us know before it is changed from the form in which furnished. Our representatives are available to help determine the trouble.

If you receive paper you consider below standard, please:

- (1) Report the condition immediately, and in writing, so that the paper can be inspected prior to its use. Claims should be reported before the paper is cut, printed, ruled or converted from the form in which it was shipped. Consequential damage is not allowable.
- (2) Make note of the identifying code marks. This is important so that poor quality or damage may be traced to the precise time and conditions contributing to the complaint. All rolls, skids, bundles, cartons, or cases carry this identifying data.
- (3) Any decision to continue with production without Beveridge Paper's consultation will result in customer assuming full responsibility including additional costs such as press time, wash ups and waste.
- (4) Every effort will be made by Beveridge Paper to replace defective paper as quickly as possible. If, in the event replacement paper cannot be supplied

in a timely manner, Beveridge Paper will not be liable for any additional costs incurred unless previously discussed and agreed upon with the mill. Such costs include, down time, replacement paper from other sources at the same or higher costs, additional make readies or missed deadline penalties.

- (5) If you believe damage to an offset press blanket has been caused by our paper, please send the claim, along with the blanket, and all other available evidence including damaged sheet and 10-15 sheets prior to damage. If any adjustment is warranted, it will be based on the estimated remaining life of the blanket. Charges for press time, sorting, inspecting, etc. will not be considered unless specifically authorized by the mill before incurring the expense. If the mill is not involved in the decision process their responsibility will not exceed the cost of the paper supplied.
